

The Friends and Family Referral Program at Grace Day School

We are delighted to re-introduce Grace Day School's "**Friends and Family Referral Program**" effective as of April 15, 2011.

This program gives you an opportunity to earn a tuition credit by referring your friends and/or family members to Grace Day School.

Parents of children in kindergarten through eighth grade will receive a \$1,000 tuition credit for each individual child they refer to Grace who enrolls in the Day School and a \$400 credit for a student who enrolls in one of our nursery or pre-kindergarten programs. The tuition credit will be posted on the last tuition invoice (which is issued after the enrollment of the child/ren) referred). Whether you refer one child, or several children, during a school year, you may earn credits.** There is no limit to the amount you can earn!

If you would like to recommend Grace Day School to a friend or family member, please ask them to contact the Admissions Office or speak with either of the Early Childhood Center Directors to become enrolled in the program.

To qualify for the tuition credit, the following criteria must be met:

- The referral must be made to someone who has not previously inquired at Grace Day School.
- Siblings of students who have been previously referred are not eligible to take part in the program.
- The Grace Day School family must provide a written letter of introduction to the Admissions Office or Early Childhood Program Director at the time of admittance.

Thank you for your continued support of our school!

***If two or more families refer the same student(s), the tuition credit will be divided among those families.*
